NORTH PINE DEMO BUILDERS

Photo exception report

Job NP-1042 · kitchen remodel · fictional job site

This sample checks a six-slot punch list against filenames. Solid color blocks stand in for photographs. No house picture is used.

Document	Sample photo closeout exception report
Job	NP-1042 kitchen remodel
Site	Fictional job site. No postal address.
Check	File name present, missing, or unclear.
Date label	14 Apr 2026, fictional label only.

What a finding means

Present — a fictional file name is on the list for that slot.
Missing — the slot has no file.
Unclear — a file name is listed, and this sample does not treat it as a clear shot.

What this sample does not do

It does not score workmanship, safety, or cleanliness. It does not approve an invoice. It does not say the job is finished.

> Slots on the list: Before, During, After, Issue, Completion, Walkthrough. Page 2 uses a color block and a filename in place of a photograph.

SAMPLE

File slots

Each block is a flat color plus a filename. The color is not a photograph.

Before · Present

`before-kitchen-01.png`

During · Present

`during-demo-02.png`

No file

After · Missing

`Expected: after-cabinets-03.png`

Issue · Unclear

`issue-outlet-04.png`

No file

Completion · Missing

`Expected: completion-05.png`

Walkthrough · Present

`walkthrough-06.png`

Empty blocks are slots with no file. A dust-colored block is the unclear file: the name is known, the shot is not treated as clear.

Exception list

Flags mark missing or unclear files only. A flag is not a quality score.

Slot	Filename	Finding	Flag
Before	before-kitchen-01.png	Present	—
During	during-demo-02.png	Present	—
After	Expected: after-cabinets-03.png	Missing	Flagged
Issue	issue-outlet-04.png	Unclear	Flagged
Completion	Expected: completion-05.png	Missing	Flagged
Walkthrough	walkthrough-06.png	Present	—

Count in this sample: Present 3, Missing 2, Unclear 1.

> A flagged slot needs a file, or a file a person can read as that slot. The flag does not score the work and does not approve a payment.
